In any series the number of races to count will be $\frac{3}{4}$ of those for which a result is obtained, fractions counting upwards to the next whole number. A result of DNC, DNS, DNF, RAF, OCS, BFD will score number of starters plus one. A result of DSQ will score number of starters plus 2.
- 12.2 For overall season trophies, in each class race, every yacht finishing shall score 3 points plus 1 additional point for each yacht that started the race but did not obtain a better result. Any yacht disqualified or failing to answer a recall shall score nil points for that race. Ties will be broken in favour of the yacht that had the most number of first places and then second places etc.
- 12.3 Regatta Week
- 12.3.1 A single discard for all classes will apply after 4 races have been sailed.
- 12.3.2 The BHS Fleet may be split into classes A and B if sufficient entries are received. Points for the RYYC overall trophies will be awarded to RYYC yachts entered for the RYYC season races according to a RYYC yacht's position, excluding visiting yachts. For the avoidance of doubt it will be possible for a class A yacht to have a first place and a class B yacht to have a first place etc. and both first places will count towards the overall trophy.
- 12.4 If a yacht is caused not to race as a result of its owner/crew acting as race officer/assistants, the yacht in question will not be disadvantaged and shall be awarded her average points for that series, after discards are applied. The average points should appear on the results page as RC (Race Control)
